

Steps to Becoming a Breast Health Navigator

SEEK SUPPORT

- ➔ Connect with the LIP or Medical Director of Radiology, then collaborate with your management team to map out your vision.
- ➔ Join a Facebook group such as [Academy of Oncology Nurse and Patient Navigators](#).
- ➔ Partner with a mentor! Breast Imaging Consultant, Bernadette Lucas-Burch is available to answer your questions. (Email: nurse4umeconsultant@gmail.com)

BEGIN LEARNING

- ➔ Gain knowledge and network with others by attending annual conferences such as [NCoBC](#) and [SBI](#).
- ➔ Research societies related to breast health and breast cancer for up-to-date guidelines on screening, risk, treatment, etc.

BECOME CERTIFIED

- ➔ Advance your career by obtaining certification as a Breast Health Navigator.
- ➔ Prepare for the navigator certification exam with the online course, [Breast Health Navigator Certification Exam Preparation](#).
- ➔ Take certification exam! [NCBC](#) offers opportunities to take the exam online or in-person.
